EXERCISE GUIDELINES **5**

Here is an easy to do home exercise programme which anyone can perform in the comfort of their home.

Safety points

- ▶ Always carry out these exercises in a safe environment.
- ▶ Ensure that the floor is clear of any obstacles and not wet.
- ▶ Ideally have someone else there with you in case of emergency.
- ▶ Carry out exercises near an object, or surface which you can hold on to such as a table.
- ▶ Carry out these exercises with the correct footwear eg. trainers.

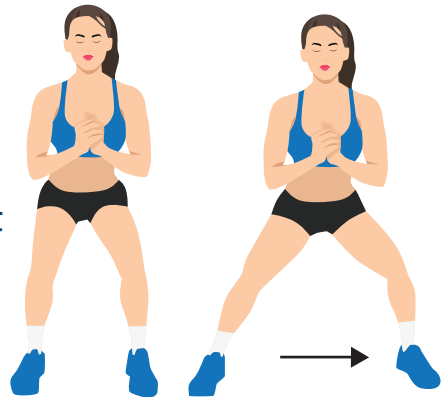

Workout

- ▶ Start with one set of each exercise and increase the number of sets as you get fitter.

Workout
1

SIDE SQUAT

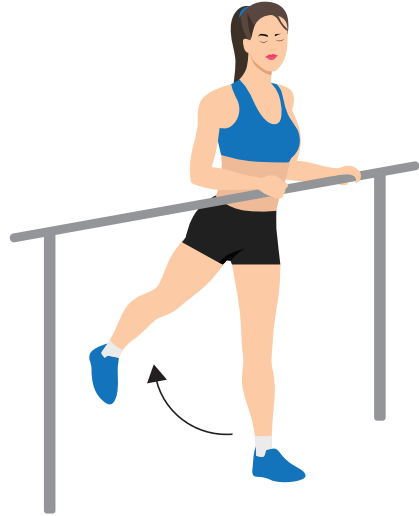

Set 1 → 30 seconds
side step in squat
position (alternate
sides)

Workout
2

BACK LEG RAISES
